

**ucbCARES** isn't a call center; we are an answer center focused on providing Caring Answers. If we know the answer, we will share it. If we don't know it, we will do our best to find it. With every interaction, we work to ensure the customer feels more informed, more confident, and better understood.

Answers are not always easy to find, and clarity is not always easy to achieve. **ucbCARES** is dedicated to finding answers and ensuring customers understand.
